SCHOOL BOARD MEETING.

Minutes of regular meeting of the Board of School Trustees, held August 2nd, 1893.

Present:—Thos. B. Baker, A. Hicks, W. W. Bole, Thos. E. Birbeck and C. A. Gass.

Minutes adopted as read. Janitor reported that Mr. Brass was willing to remove coal-dust free of cost out of cellar. Board approved of same and instructed Janitor to attend to same.

Hicks—Gass—That Treasurers' statement be received and filed.—Cd. Secretary advised the Board having received \$1000.00 from Council and on motion of Messrs. Hicks and Bole, instructed to draw cheque in favor of the Canada Permanent Loan & Investment Company for amount of coupons due on debenture indebtedness, numbers one and two.—Carried.

Gass—Hicks—That Miss Burnett's application for re-engagement be accepted for one year at a salary of \$600.00.—Carried.

Bole—Hicks—That Miss Dickie's application, through Mr. Goggin, be first choice, and that R. E. McCullagh be second choice at a salary of \$600.00 per annum, as teacher of Junior Department for one year service to commence on Monday the 14th of August.—Carried.

CARREL CHIEFINGS.

Mr. A. Smith has erected a commodious dwelling which adds another to the upper class.

Mr. David Newton has purchased a quarter section and is rapidly having it cultivated.

Mr. Oliver Newton, of Cremona, Ont., is spending a few days with his brother.

Mr. and Mrs. Lewis Boyne, of Fergus, Ont., are visiting their son Mr. James Bayne.

Miss Bella Gamble, of Elgin, Ont., is at present visiting with friends here.

Through some mismanagement the scholars of the Sunday School were obliged to hold an open air class, being unable to make an entrance to the school on Sunday last.

Building operations in the North-West towns appear to be brisk, especially in Moose Jaw, where a large number of neat dwelling houses are now in course of erection, and also several business blocks.—Virden Chronicle.

TOWN PARLIAMENT.

Minutes of Council meeting held in council chamber on July 31st.
Present:—Mayor Grayson, councillors: Hannah, Fysh, Neilson, Ferguson and Simington.

Minutes of last regular meeting read and confirmed.

Communications and accounts were received as follows:—

Seymour Green re purchase of debentures. Canada Permanent re purchase of debentures.

W. W. Bole account of..... \$ 1.00
Newton McLeod " " " " 101.01

Account of Paul Osterlander and communication of Seymour Green was referred to Finance Committee.

REPORT OF FINANCE COMMITTEE.
Your Finance Committee would recommend that the Clerk be paid \$25, being salary for service for quarter ending July 20. Simington—Neilson—That the Board of Works Committee meet Mr. Ducker on his return from the lake and arrange for a system of street levels for drainage purposes.—Carried.

Council adjourned.

BOHARN.

We are pleased again to have the unknown amongst us. In the first sentence he pays himself a fair compliment and a left handed one to the Times.

The days are warm but the nights cool which have a good effect on the grain.

Mr. John Boyd who has been spending a few weeks with his old friend Mr. R. K. Thompson returned east Tuesday morning. Mr. Boyd is greatly pleased with the district. He in company with Mr. Thomson took a trip to Spring Bank Ranch and is contemplating going into ranching.

Rev. Mr. Maxworthy and party returned from Banff last Friday well pleased with their trip and say of the mountain scenery the half has never yet been told.

Mr. Maxworthy preached last Sunday in Boharn to a large congregation and afterward administered the Sacrament of the Lord's supper.

Mr. Thomas Gowdy has removed to Whitewood.

Our school is again in full blast after vacation and the children are making rapid progress.

After service on Sunday last quite a procession could be seen wending their way towards Moose Jaw to attend evening service. They enjoyed the service and had a lovely drive to town but on the return trip the wheel of one of the carriages refused to roll. One of the friends flew for wrench and axle grease and after a few hours of faithful toil the wheel relaxed its hold and all was well.

Mr. J. L. Bastedo has completed his large contract of breaking just south of the city.

The city fathers still hold their meetings with closed doors but we think we have found the key. If it will fit the lock we will endeavor to let the ratapayers into the secrets. Some think they are contemplating some giant scheme in the way of water works.

LOOKER ON.

Messrs. Richard Bros. have commenced the brick work of Mr. R. Bogue's new residence on High St.

On Saturday last Staff Sergeant Joyce of the N.W.M.P. force, arrived in town with a band of two hundred and ten cattle, the property of settlers in the Calgary and Edmonton districts. These cattle have been in quarantine at Gretna, Man., for ninety days. They were shipped from Gretna to Estevan, then driven to this point to under Sgt. Joyce's force of six men. On Tuesday they were shipped from this point to their respective owners.

THE MOOSE JAW TIMES

FRIDAY, AUGUST 4, 1893.

Taking A Day Off.

It's too hot for the birds to sing, for by the
splendid hills
Where shaded honey-suckles swing they're
cooling off their bills;
For they sang till they were tired in the
meadows and the sun,
And now they've taken a day off where the
sweeter waters run.

It's too hot for the cattle in the sweltering
meadows there,
Where every sunbeam's like a sword a-
cleaving through the air.
And so they're left the clover, where the
daisies droop and dream,
And they're knee-deep in the tranches where
the coolin' waters stream.

Too hot deep in the valley, too hot upon the
hill,
Each lily's lifting of its cur for welcome rains
to fill;
But still the crops are growin' and the
clouds that burn the blue
Are the clouds that did the mowin', and
they'll snow again for you.

SALMAGUNDI.

"Draw nigher still I whisper in thine ear."
OLD SONG.

Two heads are certainly better than
one when the problem is to produce a
kiss.

One Good Result.—Ten Book.
"What would be the result if it were
the custom for women to propose in-
stead of men?"

Una Lloyd—"There would be fewer
engagements and more marriages."

This is the time of year when we
Get out our trunks and don
Our last year's flannel suits—that is
if we can get them on.

Great America.—"I can tell you
something you haven't got," said a
German, to an American. "We have
built a church so long that it takes half
an hour to walk from the porch to the
pulpit." "That is nothing," replied the
Yankee. "We have a church where a
little boy is carried to his baptism
through the east porch, and at the west
porch he walks out as a minister with
his second wife."

A Wicked Suggestion.—Reporter:
If you will allow me to have the ser-
mon which you are to deliver on Sun-
day, I will copy it and print it in Mon-
day's paper. The Rev. de Goode: I
cannot allow my sermons to go out of
my hands. If you will come to church
on Sunday you can hear it and take
notes. Reporter (with dignity): I do
not work on Sundays, sir.

She takes long walks each day—
Never speaks of the heat at all,
For she knows she looks a beauty
Under her dainty parasol.

Sunday Question in England.—There
has been an interesting discussion con-
cerning the Sunday opening of museums
at the convocation of the house of lay-
men for the province of Canterbury.
Sir Douglas Cox moved "That the day
of holy rest is a Divine institution ap-
pointed by God at the beginning as a
day for rest and worship, and that the
observance of Sunday has been an in-
calculable blessing to all classes of
society, especially to the working clas-
ses, and this house deprecates every
movement which tends to increase
Sunday labor or to make the Lord's
day a more holiday or day of amuse-
ment, and that such public institutions
as museums, picture galleries and
libraries should not be opened on Sun-
days." His motion was supported and
opposed by doughty companions on
either side, but, of course, no under-
standing was thought of or arrived at.

Sing a song of gunboats; a little cloud of
war;
Tell us what Siam has done and what she
did it for;
And whether such a kingdom—on the map
the nearest spot—
Must seem regretful whether she did any-
thing or not.

American press despatches a short
time ago stated that the Queen did not

like the public to call the Duchess of
York by her informal home name, pre-
ferring the more elaborate one of
Victoria Mary. But the Princess's
letters of thanks to many people for
congratulations and presents prove the
reverse and settle an interesting,
though perhaps not important, point.
In a letter to the Duchess of Wellin-
ton, who, on behalf of the women of
Hants, had presented Princess May
with a diamond pendant, the latter
writes:

"Dear Duchess.—I hasten to ac-
knowledge, with my warmest and most
heartfelt thanks, the lovely present I
received last night from the women of
Hants. Will you please tell them how
grateful I am for the beautiful diamond
and pearl pendant, which I shall often
wear. Believe me, yours very sincerely,
(signed), May."

"OPENING OF THE SOO."

The C. P. R. Will Have an Inde-
pendent Line to St. Paul in a
Couple of Months
for Coast
Traffic.

Mr. Robert Kerr, general traffic
agent of the C. P. R. western and
Pacific divisions, returned to the city
Saturday morning from the east, where
he has been on business connected with
his department. Being asked by a re-
porter how the rate war inaugurated
by the Great Northern was progressing
Mr. Kerr said there had been no new
development recently, and supposed
that the G. N. had begun to realize
that the C. P. R. and N. P. could not
be coerced into doing something they
had neither reason or desire to do.
The trouble was caused by the Great
Northern's objection to the tourist
system of the C. P. R. and N. P. The
G. N. did not wish to spend \$200,000
to equip their through line with tourist
cars and hoped by cutting rates to
force their rivals out of the business.
If they had succeeded that class of
travellers who cannot afford the luxury
of a Pullman would have been com-
pelled to ride across the country in
colonist cars, whereas at present they
can travel in comfortable tourist sleep-
ing cars at a slight advance on the
price of a second-class ticket. Mr.
Kerr does not look for any further cuts.
In a couple of months the C. P. R. will
be running through trains between St.
Paul and the coast via the "Soo" line.
This road will be opened some time be-
tween the 1st and 15th of September.
As soon as the rails are laid to the
boundary on the American side the C.
P. R. will take their tourist traffic to
St. Paul via the Souris branch and
Estevan until the line is completed be-
tween Estevan and Pasqua. They will
be able to carry out this proposed ar-
rangement some time next month.
This will make them entirely independ-
ent of the Great Northern who have
been causing them some little incon-
venience by refusing to haul tourist
cars to and from St. Paul.

Mr. Kerr denies that all the traffic
agents of the C. P. R. are liable to ar-
rest if they go into the United States
owing to the C. P. R. ticket agent at
Tacoma, being charged with an in-
fringement of the interstate commerce
law. "I was in St. Paul only a few days
ago," said Mr. Kerr.

"But you took the 'Soo' train one

A Picnic
On a Farm

In a sequestered, wooded spot, by
a cooling stream—a very pleasant
contemplation this for city folk.
They wonder why it is that the
farmer does not more frequently go
picnicking—why he does not get more
enjoyment out of life. They
do not realize that the now-days
farmer finds enjoyment in his work.

It is such a handy machine and
so reliable in its performance that
the old-time dread of harvest is

the McCormick get many of their
plans from the farmers and crystal-
line them into practical working
machines.

A Kingston Orangeman.

KINGSTON, April 17.—Mr. James
Blair of Napanee, whose case has been
creating so much interest in the Line-
stone city. He was a resident of
Kingston for fourteen years, and it was
while he was engaged as cutter for Mr.
Livingston of this place that he con-
tracted Bright's disease of the kidneys.
His Orange friends in Kingston are de-
lighted to know that he is cured of
this terrible disease, by using Dodd's
Kidney Pills. Many of them who
have been similarly troubled with
backache, rheumatism, and kindred
complaints, have started using Dodd's
Kidney Pills, and several marvellous
cures are already reported. Mr. Blair
joined the Orange order in 1854, and
is the oldest Orangeman in Napanee.
He has been a delegate to the Orange
grand lodge, and has held several im-
portant offices in the order. His friends
considered his case as incurable, and
are of course amazed at his wonderful
recovery.

NOTICE

Following is a summary of the Regulations with respect to the manner of recording claims for MINERAL LANDS other than Coal Lands, and the conditions governing the purchase of the same.

Any person may explore vacant Dominion Lands not appropriated or reserved by Government for other purposes, and may search thereon, either by surface or subterranean prospecting, for mineral deposits, with a view to obtaining a mining location for the same, but no mining location shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or metal within the limits of the location of claim.

A location for mining, except for Iron or Petroleum, shall not be more than 1,500 feet in length, nor more than 600 feet in breadth. A location for mining Iron or Petroleum shall not exceed 160 acres in area.

On discovering a mineral deposit any person may obtain a mining location, upon marking out his location on the ground in accordance with the regulations on that behalf, and filing with the Agent of the Dominion Lands for the district, within sixty days from discovery, an affidavit in form prescribed by Mining Regulations, and paying at the same time an office fee of five dollars, which will entitle the person so recording his claim to enter into possession of the location applied for.

At any time before the expiration of five years from the date of recording his claim, the claimant may, upon filing with the Local Agent that he has expended \$500 in actual mining operations on the claim, by paying to the Local Agent therefor \$5 per acre, cash, and a further sum of fifty dollars to cover the cost of survey, obtain a patent for said claim, as provided in the said Mining Regulations.

Copies of the Regulations may be obtained upon application to the Department of the Interior.

A. M. BURGESS,

Deputy of the Minister of the Interior.

Department of the Interior,

Ottawa, July 1893.

Homestead Regulations.

All even-numbered sections of Dominion Lands in Manitoba or the North-West Territories, except 8 and 26, which have been homesteaded, reserved or provided vacant lands for settler, or otherwise may be homesteaded by any person who is sole head of a family, or male over eighteen years of age, to the extent of one quarter section of 160 acres, more or less.

ENTRY.

Entry may be made personally at the local land office in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make entry for him. A fee of \$10 is charged for the application for homestead entry; but for lands which have been occupied an additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

HOMESTEAD DUTIES.

Under the present law homestead duties may be performed in three ways, and a mailing application for entry the settler must declare under which of the following conditions he elects to hold his land:—

1. Three years' cultivation and residence during which period the settler may not be absent for more than six months in any one year without forfeiting the entry.

2. Residence for two years and nine months anywhere within two miles of the homestead quarter section, and afterwards actual residence in a habitable house upon the homestead for three months next prior to application for patent. Under this system 10 acres must be broken the first year after entry, 15 additional in the second, and 15 in the third year; 10 acres to be in crop the second year and 25 acres the third year.

3. The five years' system under which a settler may reside anywhere for the first two years (but must perfect his entry by commencing cultivation within six months after the date thereof), breaking five acres the first year, cropping those 5 acres and breaking 10 acres additional the second year, and also building a habitable house before the end of the second year. The settler must commence actual residence on the homestead at the expiration of two years from the date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

PATENT FOR FIFTY

may be made before the local agent, or any homesteaded inspector. Before making application for Patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands and his intention to do so.

At the expiration of the six months the settler application and proof as made before a homesteaded inspector, a fee of \$5 is chargeable.

SECOND HOMESTEAD

may be taken by anyone who has received a homesteaded patent or a certificate of recommendation countersigned by the Commissioner of Dominion Lands upon application for patent made by him, or had earned title to his first homesteaded on, or prior to the second day of June, 1890.

Full information respecting the land, timber, coal or mineral laws, and copies of these Regulations, as well as those respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Dominion Lands, Winnipeg, Manitoba; or to any of the Dominion Lands Agents in Manitoba or the North-West Territories.
